「刃牙」 The Baki Journal

By Ichido Reichan

And a miracle happened...

We got our awesome sponsors...

We worked all as a team, everyone did their best and we all got to enjoy book 8 and 9 in a very short time.
these books were finished almost 3 and a half weeks ago. this is the first time in a month that I get to write this column because it happened all too fast...all so good...all too fast.

On a professional translation site, I posted an offering to translate (as a semi volunteer project) the books of BAKI, SON OF OGRE, SCARFACE and GAROUDEN, specifying that we can pay only $25.00 per book.
For your information, a proffesional translator charges 0.15 cent per word and $30.00 per hour of work.
It can variate but a pro translator can work 15.000 words a week and a Baki book usually goes for 2000 words to 2500 words. this means a Baki book cost around 200.00 a translation. but since we are a fan project, a few professionals contacted us and offered their services to help finish our projects and because of this now we have 19 TRANSLATORS!!! 19!!! you know how easy is going to be to finish the whole Baki books and continue the weekly editions!! we can do it in two months!! I couldn't contain my excitement for this. Even one of the Translators did the subtitles for Ghibli studio's movie "Sen to chihiro no kamikakushi" and "Grave of the fireflies" and he was contracted by Ghibli for this...all these translators have college degree masters, studies and High level profile translators like medical books, Car manuals, technical and corporate brochures...
and now they are willing to work 2 books each month for us. For only 25.00...

If you are reading this, chances are that you started reading the BAKI books in 2005 all the way through today, in two years we completed 10 books and you saw the dark times when we didnt release a book in 4-5 months... now we are rolling good times and now, more than ever WE NEED YOUR HELP TO COMPLETE BAKI IN A YEAR!!!

You have been here with us, there are an average of 1000 fans every release that never miss a Baki book, but this is the only chance that we have to speed up the books and release the weekly chapters until Baki is done. From those 1000 fans, if only 40 or 50 can chip 25.00 dollars each on Baki only, the translations will be paid and we will rush through all the way to the chinese tournament and were Baki stands right now, we own ALL BAKI RELEASES including the ones from last week, and there are out almost 8 books of SON OF OGRE
(but commercially there are only 6 in the market) so if you want to be in the place "All things Baki" are happening, you are in the right place.

But to make it happen this time, we need your help, we need a cash support, if you can donate 25.00 you can pay a whole book and enjoy a biweekly release of a complete book. The team is commited and we all are willing to give our best to keep advancing in the series. in a side note, Im going to create the best combat sport community on the net. The Wild fang Community, on IRC we are located on #BAKI@IRC.IRCHIGHWAY.NET, so all the official announcement and general chat will be there (no raw spoilers please) but the community will have a VIP service in appreciation for the guys that are paying to make the Baki project happens. Tomorrow on the Journal, I will explain what do you need to do if you are interested in participate in the private releases (that is going to be every two weeks) otherwise, we will release Baki books once every two months for the general fandom, also there will be specials that will be released only for the private community, like BAKI SAGA and others.

In a last but very important note...I want to thank the help of my friend and collaborator HYDRA632 that sponsored the release of book 8-9 and thanks to him, you have the chance for a "taste" of what it is to be a VIP and in this moment, he is planning to help us even more... HYDRA632 you rule!!!

I got more to inform you, but my time is up for this release... Tomorrow... the details to become a member, the announcement of the new releases and the official date of release of book 10 for VIP's and general community.
(Last update for today: Book 10 confirmed to be next week for VIP'S...we have 20 translators confirmed as we speak, and we need money to order translations...so this time... The future lies in your hands. Stand up and fight with us!!!
